To place an order with The ACE Group Inc., you must be a current financial member. If you are unsure, please contact us to ascertain your membership status. New memberships are welcome and can be applied for easily using our online application form. <https://acegroupinc.com.au/membership-application/>

The ACE Group Conditions

1. The buyer acknowledges that they have conducted their own research on the specifics of the stallion **Asgards Ibiza** that they have chosen to purchase frozen semen from and agree to make no claims to The ACE Group if the wrong selection is made.
2. Shipment of the Buyer's semen once arrived into Australia is at the Buyer's expense in addition to the import fees paid upon order.
3. The Buyer must arrange shipment of their semen within Australia once it has landed at Genemovers Victoria, to their own location.
4. The ACE Group places no pregnancy conditions on each dose of Ibiza semen. If the Buyer chooses to split doses they can do so at their own risk and if two pregnancies are achieved within the one dose, then two Service Certificates can be issued by The ACE Group provided written confirmation is supplied to The ACE Group by the Vet treating the Mare that the semen has been used with. Note - a confirmed pregnancy is at 45 days for the issue of Service Certificates.
5. Payment of the full semen order and per dose fees must be made to The ACE Group in full by the due date, prior to their order being processed.
6. At the time of insemination please ask the vet or AI technician to complete the Artificial Insemination Record Form (attached below) then submit the completed form to ACE Group to receive your Service Certificate. The Artificial Insemination Record Form and Service Certificate must be produced to the Society with which you are registering your foal(s).
 7. The ACE Group has taken all necessary steps to ensure that all semen is of good quality but does not give any guarantees that pregnancies will be achieved and does not make any guarantees as to the fertility, viability, overall quality and disease-free condition of the semen. The ACE Group does not offer a live foal guarantee and no replacements.
 8. The ACE Group retains the right of refusal to any orders, and to cancel any orders they cannot fulfil due to any changes that are made such as cost and availability that are outside of their control. All orders are final once submitted and paid for by the purchaser.
 9. See condition 3 in relation to shipment of the semen once it arrives in Australia.
- **Transfer of ownership of the semen once it has arrived into Australia is strictly NOT allowed.** No service certificate will be issued, and progeny will not be eligible for registration.
- Certificates as per condition 4.

Certification by Purchaser

I hereby make this order of frozen semen with The ACE Group in good faith and have read and understand the terms and conditions as stated above. I acknowledge that The ACE Group will take all necessary precautions to ensure all semen has been collected for import to Australia, that it meets with the Australian import legislation that all paperwork will be completed by The ACE Group, and that the shipment will be fully insured until it safely arrives into Australia. From the date it has cleared Australian customs and is ready for shipment to me, it is considered to be stored at my risk and I will make the necessary arrangements with Genemovers to have it shipped to me within 21 days of it clearing customs in Australia, otherwise further storage charges may be payable by me.
