

Stallions:

- Stallions will enter **2 or 3 Sections** for Preliminary Licensing and **4 sections** for full licensing
- If the horse has been previously assessed for Preliminary Licence, then only the remaining sections need to be taken.
- A horse may re-take his assessment at a later date with the risk that if he scores lower than previously, then the newest score will apply.
- Stallions must be registered to enter the Studbook. If registered **other than** ACE, then the Certificate of Pedigree must be presented.
- Minimum age for Preliminary Licensing is 30 months on the day of the assessment.
- Minimum age for Full Licensing is 36 months on the day of the assessment.
- All Stallions must have a DNA profile or be prepared to be tested for parentage analysis.

Stallion Studbook 1

Score of 7.5 or 75% for 4 sections.

4 generations of documented breeding.

Stallion Studbook 2

Score of 7.5 or 75% for 2 sections gives Preliminary Licensing.

4 generations of documented breeding.

Stallion Studbook 3

Score of 7.5 or 75% for 2 sections gives Preliminary Licensing.

Score of 7.5 or 75% for 4 sections gives Full Licensing.

Need not prove 4 generations of documented breeding.

Mares: All mares must be registered for inclusion in the Studbooks

Mare Studbook 1
